Other colors are available for special order purchase. Longer lead times may apply.
[†]For Premium and Textured colors, we recommend all materials be ordered together as paint color may vary order to order.

Color variation between orders is normal and not cause for rejection. Colors on this chart are close representations of actual metal color, limited by printing and viewing conditions. Color matching is optimized for outdoor viewing. Customers should view an actual material sample before making a final color selection.

Hickory Board & Batten metal panels

Choose quality Central States metal for the best protection and a Lifetime Warranty.*

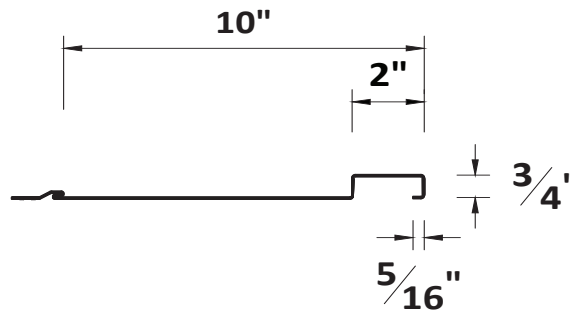

By choosing quality Central States metal you are making a purchase for the future. Our coatings recipe helps protect your investment from fading, rusting and gives excellent dent protection as well. The benefits of metal panels will also help you save money on utility bills and are environmentally friendly.

Central States woodgrain panels provide a classic, refined siding option.

Central States woodgrain panels give your home, business or project similar advantages as painted panels but with a distinct natural look. Steel Board & Batten gives both homeowners and architects the ability to choose a superior performance siding option, eliminating the need for required regular maintenance while retaining its structural and aesthetic appearance.

Advanced Dent Resistance	✓	✓
Steel Gauge	26 ga.	26 ga.

Board & Batten

*A natural occurrence of rippling, commonly known as "oil-canning," is not atypical in production of flat panel profiles. It is not a cause for concern or rejection and has no bearing on being fully backed by CSM's paint and substrate warranties.
